Registration
The Registration Area is located in the Pattison Avenue lobby at Citizens Bank Park (on Pattison Avenue, between 9th & 11th Streets). The Philadelphia County Dental Society reserves the right to deny admittance to any individual who fails to meet the rules of registration. There is NO REGISTRATION FEE to view exhibits. All members of the dental team, spouses, family members and guests are invited to pre-register and attend.

Members of the Philadelphia County Dental Society – All members of the Philadelphia County Dental Society will be pre-registered, and their name badges will be mailed to them on or about October 14.

Dental Team, Spouses, Family Members and Guests – Dentists, staff members, spouses, family members and guests may complete the Registration Form on page 12 and mail or fax it to the Society prior to September 21. Or they may register online at www.philcodent.org – click on Liberty Dental Conference. Each registrant must complete an individual registration form. Or they may register on site on November 9.

All Other Registrants – All other registrants may complete the enclosed form and mail or fax it to the Society prior to September 21. Or they may register online at www.philcodent.org – click on Liberty Dental Conference. Each registrant must complete an individual registration form. Or they may register on site on November 9.

Pre-registration closes on September 21. Name badges for those who have pre-registered by that date will be mailed by October 14. After September 21, registration for name badges will have to be accomplished on site on November 9.

Exhibitors
Exhibitors’ representatives will be pre-registered if a list of names is received by the Society prior to September 21.

Exhibitors’ may pick up name badges and/or register at a special area located in the Pattison Avenue lobby at Citizens Bank Park (on Pattison Avenue, between 9th & 11th Streets) on November 9.

Members of the Dental Dealers of America and the Dental Manufacturers of America are welcome to register on site on November 9, upon presentation of a current membership card in either of those organizations. Other than these organizations, representatives of companies that are not participating in the Conference will not be admitted.

Anyone who lends or transfers a badge to another person may be denied admission to the Conference. Anyone who circumvents any part of the rules of admission or who fails to conduct himself/herself in a professional and business-like manner risks loss of admission privileges to the Conference.

Registration Hours
Wednesday, November 9 8:00 a.m. to 3:00 p.m.

Exhibit Hours
Wednesday, November 9 9:00 a.m. to 4:00 p.m.

Technical Exhibits and Demonstrations
The exhibits will provide you with a firsthand look at the newest items available from dental manufacturers, suppliers, laboratories and a host of other displays. Participating exhibitors financially support the Liberty Dental Conference. Please take the time to visit the exhibitors and support these companies.

The Philadelphia County Dental Society assumes no obligation or responsibility of any kind, for or with respect to any transaction, dealings, representations, assurances or guarantees of exhibitors or their representatives.

Getting to Citizens Bank Park

Auto: Free parking will be available at LOT P, located at Pattison Avenue and Darien Street. For directions and a site map, visit online at www.philadelphiafiltries.com On the home page, click Citizens Bank Park, then scroll down to directions and parking. Scroll down this page (passed the ticket information), and you will see the directions and the site map.

Once you have parked your car, follow the signs for the entrance which is located on Pattison Avenue (an approximate walk of ¼ of a block).

Public Transportation: SEPTA’s Broad Street Subway Line runs to Broad Street and Pattison Avenue (this is approximately a 6-minute walk to Citizens Bank Park). Visit www.septa.org for more information.

Shuttle service will be available between LOT P, the Broad Street Subway station at Pattison Avenue and the lobby entrance of Citizens Bank Park.
General Information

Cancellations/Refunds

Cancellations and requests for refunds must be made in writing, and the ticket/s must be returned to the Philadelphia County Dental Society prior to October 26, 2011.

There will be a 25% administrative charge on all cancellations. All refunds will be mailed via check or electronically debited to the original credit card on or about December 7, 2011.

Continuing Education Information

A limited number of brief continuing education programs are available. A ticket is required for admission (see Page 11 to order tickets). Tickets will be collected at the room entrance prior to the beginning of the program. You must be present for the entire presentation in order to obtain continuing education credit. Each ticket is coded and numbered to the buyer. After the Conference, verification of attendance and credit hours will be recorded in the Society’s database. No credit will be given unless the attendee submits the proper ticket for the program to the assigned room monitor.

Tickets may not be shared with other individuals; they may be used only by the person in whose name they are issued. CE credit will be issued only to that person.

The Philadelphia County Dental Society has been granted approval as an ADA CERP recognized provider as a component member of the Pennsylvania Dental Association.

The Philadelphia County Dental Society has been designated as an Approved PACD Program Provider by the Academy of General Dentistry. The formal continuing dental education programs of this program provider are accepted by AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 1/1/2008 to 12/31/2011. Provider ID: 212415.

Information and materials presented by all clinicians are intended for your personal evaluation and are not necessarily endorsed by the Philadelphia County Dental Society or the Liberty Dental Conference.

The Philadelphia County Dental Society neither expresses nor implies that specific courses will fulfill various state continuing education requirements. The individual license holder must consult with the regulations pertaining to the requirements of your state.

It is STRICTLY PROHIBITED to make payments, either by cash, check or credit card, for any items in the exhibition areas.

The Philadelphia County Dental Society assumes no obligation or responsibility of any kind, for or with respect to any transactions, dealing, representations, assurances or guarantees of exhibitors or their representatives.
Liberty Dental Conference Continuing Education

Join us on Wednesday, November 9, for a day of learning and fun at the Liberty Dental Conference at Citizens Bank Park. To order tickets, use the Reservation/Order Form on Page 11 or visit the website at www.philcodent.org

LC 61 – ESTHETIC RESTORATION SELECTION
8:30 to 10:30 a.m. (Classroom B – Lower Level)

Gene Thomas, President, Dodd Dental Laboratories
Lisa Wasilko, C.D.A., Client Specialist, Dodd Dental Laboratories

New developments in materials science and manufacturing methods have combined to alter the ceramic landscape. This program will review relevant science as it pertains to clinical results, including marginal integrity, fit, strength, and esthetics. Attendees will gain greater understanding of the newest ceramic technologies and learn to make informed ceramic choices. Learning objectives include: 1) benefits of layered, pressed, and milled ceramics; 2) strength of monolithic vs. veneered crowns; 3) new ceramics challenge zirconia and PFM’s; 4) branded or generic: is there a difference? 5) new ceramics for thin veneers.

Presented in cooperation with Dodd Dental Laboratories, Inc.

Presiding: Patrice Ierardi, D.M.D. (Advance reservations required – see Page 11) 
Tickets Available: 35  CE credit: 2 hours

LC 62 – CONTEMPORARY VS. CLASSIC DENTAL MATERIALS AND TECHNIQUES
8:30 to 11:30 a.m. (Classroom C – Hall of Fame Level – Third Base Side)

Alan A. Boghosian, D.D.S.
Clinical Associate Professor, Northwestern University Feinberg School of Medicine, Department of Otolaryngology - Head and Neck Surgery, Dental Surgery Division

New materials and techniques are introduced on a daily basis. Many modalities exist today that were not deemed possible a decade ago as a result of new discoveries. However, the clinical performances of some contemporary materials offered today are not as efficacious as those released 10 years ago. This presentation will compare the advantages and benefits of proven classic materials and techniques to that of the latest products. Topics to be discussed include: 1) the latest improvements in impression materials; 2) achieving perfect impressions; 3) soft tissue management; 4) predictable implant transfer impressions; 5) calcium phosphate biomimetic materials

Note: This presentation is part of today’s DOUBLEHEADER with LC 71 – Classic and Contemporary Restorative Options: Making the Best Choice. Take both courses for one low price – see Page 11 for special doubleheader pricing. The doubleheader offer is good only for LC 62 and LC 71.

Presented in cooperation with Caulk/Dentsply

Presiding: David A. Tecosky, D.M.D. (Advance reservations required – see Page 11) 
Tickets Available: 75  CE credit: 3 hours

LC 63 – CURRENT CONCEPTS IN ENDODONTIC DIAGNOSIS & MECHANICAL INSTRUMENTATION, PART I
8:45 TO 10:45 a.m. (Classroom E – Hall of Fame Level – Third Base Side)

Joe H. Camp, D.D.S., M.S.D.
Adjunct Professor, University of North Carolina School of Dentistry

This lecture will sort through the many complexities involved in arriving at a correct endodontic diagnosis utilizing a systematic approach with appropriate diagnostic tests. Factors to determine treatment or referral will be included. Principles, concepts, comparison of instrument sequences and prevention of breakage for crown-down rotary nickel titanium preparation will be discussed.

Presented in cooperation with Tulsa Dental Specialties/Dentsply

Tickets Available: 75  CE credit: 2 hours

6
LC 64 – MEDICAL EMERGENCIES IN THE DENTAL OFFICE
9:00 to 11:00 a.m. (Classroom A – Lower Level)

Jim & Nick Spaulding of Cardiac Care & Safety

This program will review how to assess and manage the most common medical emergencies that occur in the dental office, including: syncope, hyperventilation, asthma, seizures, chest pain, cardiac arrest, stroke, diabetic conditions, respiratory incidents and allergic reaction. Discussions will include how to handle medical emergencies working as a team, essential emergency medicine, medications and equipment to have on hand.

Presiding: Ronald F. Sicilia, D.M.D.
(Advance reservations required – see Page 11)
Tickets Available: 75  CE credit: 2 hours

LC 65 – DIAGNOSIS WITH CONE BEAM CT AND MINIMALLY INVASIVE GUIDED IMPLANT SURGERY
9:45 to 11:45 a.m. (Classroom D – Hall of Fame Level – First Base Side)

Jay B. Laudenbach, D.M.D.
Clinical Assistant Professor, University of Pennsylvania School of Dental Medicine; Fellow, International Team for Implantology

Diagnostic information from cone beam CT imaging changes the diagnosis and treatment decisions we make everyday as dentists. A clinical case presentation of “game changing” diagnostic findings will highlight the benefits of utilizing CBCT technology. Even more interesting is how CBCT software can be used in providing minimally invasive dental implant placement with minimal, if any, post-operative discomfort for our patients. A clinical case series will highlight a variety of exciting clinical applications and indications.

Presiding: Elaine Stefanowicz, D.D.S.
(Advance reservations required – see Page 11)
Tickets Available: 35  CE credit: 2 hours

LC 66 – NTI-tss PLUS™
11:00 a.m. to 12:00 noon (Classroom B – Lower Level)

Gene Thomas, President, Dodd Dental Laboratories
Lisa Wasilko, C.D.A., Client Specialist, Dodd Dental Laboratories

This presentation will introduce and develop the rationale for use of a uniquely designed anterior deprogramming device for diagnostic, therapeutic and restorative uses in the general dental practice. These devices, approved for the treatment and prevention of migraine headaches, also have a much broader application in a restorative and cosmetic dental practice. The discussions will cover: 1) choosing anterior vs. full coverage splints; 2) a five point insertion checklist; 3) simple adjustments for parafunctional control; 4) how to choose an upper or lower appliance; 5) relieving phantom “endo pain;” 6) treatment planning with increased confidence; 7) extend the lifetime of dental treatment.

Presented in cooperation with Dodd Dental Laboratories, Inc.
Presiding: Norman C. Clark, D.M.D.
(Advance reservations required – see Page 11)
Tickets Available: 35  CE credit: 2 hours

LC 67 – CURRENT CONCEPTS IN ENDOodontic Diagnosis & Mechanical Instrumentation, Part II
12:00 to 2:00 p.m. (Classroom E – Hall of Fame Level – Third Base Side)

Joe H. Camp, D.D.S., M.S.D.
Adjunct Professor, University of North Carolina School of Dentistry

This lecture will sort through the many complexities involved in arriving at a correct endodontic diagnosis utilizing a systematic approach with appropriate diagnostic tests. Factors to determine treatment or referral will be included. Principles, concepts, comparison of instrument sequences and prevention of breakage for crown-down rotary nickel titanium preparation will be discussed.

Presented in cooperation with Tulsa Dental Specialties/Dentsply
Presiding: Matthew J. Walters, D.M.D.
(Advance reservations required – see Page 11)
Tickets Available: 75  CE credit: 2 hours
LC 68 – DENTAL RADIATION HEALTH AND SAFETY
12:00 to 2:00 p.m. (Classroom B – Lower Level)

Dorothea M. Cavallucci, M.S.
Professor and Program Director of Expanded Function Dental Assisting Program and Dental Assisting Certificate Program, Harcum College

This course provides an overview on the theory and principles of radiation health and safety, quality assurance and infection control protocol for dental radiography. Topics include x-ray production, radiation safety, exposure techniques, film processing and mounting, patient management and recognition and identification of normal anatomical radiographic landmarks. A good review for the Pennsylvania State radiology examination or as an update for dental team members.

Presiding: Frank J. Sammartino, Jr., D.D.S. (Advance reservations required – see Page 11)
Tickets Available: 75  CE credit: 2 hours

LC 69 – UNRAVELING HEALTHCARE REFORM
12:15 to 1:15 p.m. (Classroom D – Hall of Fame Level – First Base Side)

Mr. E. Kent Evans
Vice President, Employee Benefits Practice, Willis of Delaware, Inc.

Prescription (Rx) for Dental Practices: Are you prepared for the new requirements affecting your practice’s health care plans. Under the guidelines of the Patient Protection & Affordable Care Act (PPACA), virtually all employers and their group health plans will be subject to a multitude of changes. As a result, many practices may experience significant financial and operational burdens. It is not too late to plan smart for health care reform and it’s the impact on your practice.

(This program is FREE for senior and junior dental students; those enrolled in ADA-accredited postgraduate and residency programs; and practicing dentists who graduated between 2008 and 2011 – advance reservations are required.)

Presented in cooperation with Willis of Delaware, Inc.

Presiding: James P. Murphy, D.M.D. (Advance reservations required – see Page 11)
Tickets Available: 40  CE credit: none

LC 70 – businessKiller®: SIX COMMON MISTAKES FOR BUSINESS OWNERS TO AVOID
12:30 to 2:00 p.m. (Classroom B – Lower Level)

Laura A. Medigovich, C.F.P., Ch.F.C., C.T.F.A., M & T Bank

Take the opportunity to invest 90 minutes to learn to identify, anticipate and avoid the mistakes that could compromise both business and personal finances. Six modules will be presented, each dramatizing a critical error in planning and protecting your business and the impact on the owner’s personal financial future. Understanding these pitfalls may mean the difference between success and disaster. Attendees should leave the presentation with a concise snapshot of how well or poorly your business is protected.

(This program is FREE for senior and junior dental students; those enrolled in ADA-accredited postgraduate and residency programs; and practicing dentists who graduated between 2008 and 2011 – advance reservations are required.)

Presented in cooperation with M & T Bank

Presiding: Shabnam Sedaghat, D.M.D. (Advance reservations required – see Page 11)
Tickets Available: 40  CE credit: none
LC 71 – INTERACTIVE PANEL DISCUSSION –  
CLASSIC AND CONTEMPORARY RESTORATIVE OPTIONS: MAKING THE BEST CHOICE  
12:45 to 3:45 p.m. (Classroom C – Hall of Fame Level – Third Base Side)

Alan A. Boghosian, D.D.S., Moderator – Clinical Associate Professor, Northwestern University Feinberg School of Medicine, Department of Otolaryngology - Head and Neck Surgery, Dental Surgery Division

Joseph R. Greenberg, D.M.D., Clinical Professor of Restorative Dentistry and Course Director of Advanced Restorative Dentistry, Maurice H. Kornberg School of Dentistry at Temple University

Steven R. Jefferies, D.D.S., Ph.D., Professor, Department of Restorative Dentistry; Director of Biomaterials Research Laboratory; and Director of Clinical Research, Maurice H. Kornberg School of Dentistry, Temple University

Jon B. Suzuki, D.D.S., Ph.D., M.B.A., Professor and Chairman of Periodontology and Oral Implantology and Associate Dean for Graduate Education, Maurice H. Kornberg School of Dentistry at Temple University

The continuous development and evolution of implants, ceramic systems and innovative dental materials has greatly contributed to the functional and aesthetic restoration and preservation of natural tooth structure. Restorative modalities exist today that were not deemed possible a decade ago. While the performance of these materials in laboratory testing and controlled clinical trials has improved over the years, the results realized by the general practitioner do not always reflect the high degree of success obtained in the formal testing of a product. In an interactive format, this panel will address the following topics: 1) determining when implant placement versus extensive efforts to save a tooth is in the best interest of the patient; 2) all-ceramic versus metal-ceramic crowns: are the equal in all aspects? 3) benefits of amorphous calcium phosphate chemistry integrated into our dental materials.

Note: This presentation is part of today’s DOUBLEHEADER with LC 62 – Classic Vs. Contemporary Dental Materials and Techniques. Take both courses for one low price – see Page 11 for special doubleheader pricing. The doubleheader offer is good only for LC 62 and LC 71.

Presented in cooperation with Caulk/Dentsply

Presiding: Renee Fennell Dempsey, D.M.D.  
(Advance reservations required – see Page 11)  
Tickets Available: 75  
CE credit: 3 hours

We acknowledge

The Dentist's Advantage  
a division of  
Affinity Insurance Services, Inc.

for a generous educational grant in support of the Liberty Dental Conference continuing education programs.

Thank You for stepping up to the plate!  
Visit Booth 220
Ballpark Tours

You have seen the beautiful field, the amazing scoreboard and the breath-taking view of the city. The Ballpark Tours will take you to places you don’t usually get to visit – including the Phillies’ and visitors’ dugouts and playing field, the bi-level bullpens, the batting cages and more.

Tours last approximately one-half hour and will depart from the Conference Registration Area at 11:00 a.m., 12:00 noon, and 1:00 p.m. Each tour will accommodate a maximum of 20 people.

Advance reservations and tickets ($5.00/person) are required. See Reservation Form, Page 11.

Influenza Vaccine Program

FREE Flu Shots
Sponsored in cooperation with Crozer-Keystone Health System

12:30 to 2:00 p.m. – Suite 71, Hall of Fame Level (first base side)

HERE’S HOW YOU CAN PARTICIPATE:
Registration for the program will begin at 9:00 a.m. Those who wish to participate must visit the Information Desk on the Hall of Fame Level (next to the elevator) to receive a numbered registration/history form.
Take the completed forms to the Crozer-Keystone Vaccine area in Suite 71 on the Hall of Fame Level between 12:30 and 2:00 p.m.
Once the maximum number of forms have been distributed, no more participants will be accepted.

(This program is available to dentists, staff members, spouses and family members. All participants must be registered attendees of the Liberty Dental Conference.)

Ballpark Lunch

Cash Lunch Available at the Ballpark
Enjoy a ballpark lunch from 11:30 a.m. to 1:30 p.m. Look for signs on the Hall of Fame level directing you to the serving area. Plenty of seating availability in the ballpark stands. Treat yourself and your staff to a fun lunchtime and great views of the ballpark and the City of Philadelphia.

Meet the Phanatic

“Hello, I’ll be visiting the Exhibits from 12:00 to 1:00 p.m. I look forward to welcoming all of my dental team friends as you participate in the 2011 Liberty Dental Conference.”

P. Phanatic
Reservation/Order Form - A SEPARATE FORM MUST BE COMPLETED FOR EACH ATTENDEE

NAME: ○ DR. ○ STAFF ____________________________________________
